

VALLETTA CRUISE PORT

The Story behind the Coloured Doors

VALLETTA WATERFRONT

The Valletta Waterfront is an award-winning and favourite landmark on the Island of Malta. There are nineteen beautifully restored 18th century warehouses and bastions, built during the Baroque period, stretching along the water's edge. The exquisite gemstone buildings were originally constructed by Grand Master Pinto to be used as stores by the Knights of St. John. Today, ushering in a modern era, the iconic doors have been revived with an artistic impression of colour. The coloured doors represent the storage of goods from days past, with blue for fish, green for produce, yellow for wheat and red for wine. The heritage buildings have been transformed into a diverse variety of lively restaurants, retail outlets and office space. The Valletta Waterfront is the key element of the Valletta Cruise Port, as the recognized centre for the thriving cruise business in Malta. The coloured doors are the first and last visual impression which lingers with our visiting guests.
